The Optimist International Childhood Cancer Campaign (CCC) has recognized the need to support young people with cancer. In North America alone, cancer is the number one disease killing children today, taking more lives than asthma, diabetes, cystic fibrosis and AIDS combined.

Please join the Zone One Optimist Clubs of Optimist International AL-MS District as we make an effort to make a difference in curing childhood cancer. We look forward to your support of our efforts in this project as well as our work in the community. Please make your tax deductible donation today!
